Barry and Richard Sacks.

### Mission Statement

***“Our mission is to provide creative advice and solutions that protect and enhance our clients’ financial and personal well-being.”***

### The Sacks difference

As a boutique practice that has served the private real estate industry for 20 years, we are proud to provide our clients with creative solutions to their problems.

Whether they are developers, builders, landlords, or contractors, large or small, we thrive on experience, instinct, and passion to fulfill our mission.

### Story

In September 1991, brothers Richard and Barry Sacks began building upon their combined 40 years of experience in the accounting and advisory services.

Armed with their extensive knowledge and unparalleled creativity, Richard and Barry developed one of the most prominent real estate accounting and consulting firms in the Greater Toronto Area.

Today Sacks LLP is an aggressive, growth-oriented real estate practice that provides quality and timely service.

Our clients range from the small builder to the larger builder of thousands of homes, developers of thousands of acres of land, commercial and industrial builders of millions of square feet, condominium builders, the owners and managers of millions of square feet of commercial, industrial and residential properties, and of course the contractors supporting the industry.

With a team of approximately 25 members, we are large enough to offer a full spectrum of services, yet the perfect size for providing personal attention. We pride ourselves in providing the quality of service our clients have come to expect at Sacks LLP. Thanks to our emphasis on education and innovation, we are known as leaders in real estate accounting, taxation, and advisory services.

### Services

**We offer the following services:**
